

REI Homes and ADU Inc

Designer and Builder of Custom Luxury Homes and ADUs

REI Homes and ADUs do custom
home additions & renovations

*"TELL US YOUR DREAM
AND WE'LL MAKE IT YOUR
DREAM HOME!"*

WHO WE ARE

REI Homes and ADU Inc. delivers masterfully crafted homes and seamlessly integrates ADUs with single-family properties. Our licensed and insured team of professionals offers its clients competitive pricing, timesaving practices, unmatched attention to detail, and a full-service experience from initial concepts, designs, and construction to turning the key to the door of their dream home. Enjoy exceptional designs to fit your lifestyle using the highest quality materials. Our signature features include open-concept designs, soaring ceilings, and expansive sliding glass doors leading to outdoor verandas designed for year-round entertaining. Benefit from energy-efficient structural insulated panels creating a net-zero energy effect to reduce utility costs, CAT6 Wi-Fi integration, allowing voice-controlled environments with Google or Alexa, and app-controlled ambient lighting with millions of color combinations synchronized with music. Our trusted team is ready to make your dream renovation, addition, or new construction a reality. Contact us for a free, no-obligation consultation. Discover the difference.

- AMBIENT/LANDSCAPE LIGHTING

5 STAR REVIEWS

"I hit the lottery when I signed with Gary. After spending two years vetting contractors, Gary came in and pushed this project forward. He has the energy of two people and is always mindful of what the end project will look like and how it will used. He really knows his stuff. I'm most happy with his professionalism, his staff of sub contractors and his supervision of their work. He prides himself on quality which which is evident from the work I have seen."

Gregory Bilte

"REI Homes handled everything from design and permits to final inspection. They answered all questions, making the whole process a pleasant experience. If you want a first-class job, then hire REI Homes and ADU"

Ferdinand Devera

"If you're looking for top-notch quality and craftsmanship, look no further. Gary's attention to detail and commitment to excellence is truly remarkable"

DESIGN SERVICES

REI ADUs

Builder of luxury attached and detached ADUs

ADUs are very popular and in demand, whether you want extra space for an office, exercise room or studio, or in-law unit, or a rental, our designers make it easy with unlimited concept designs.

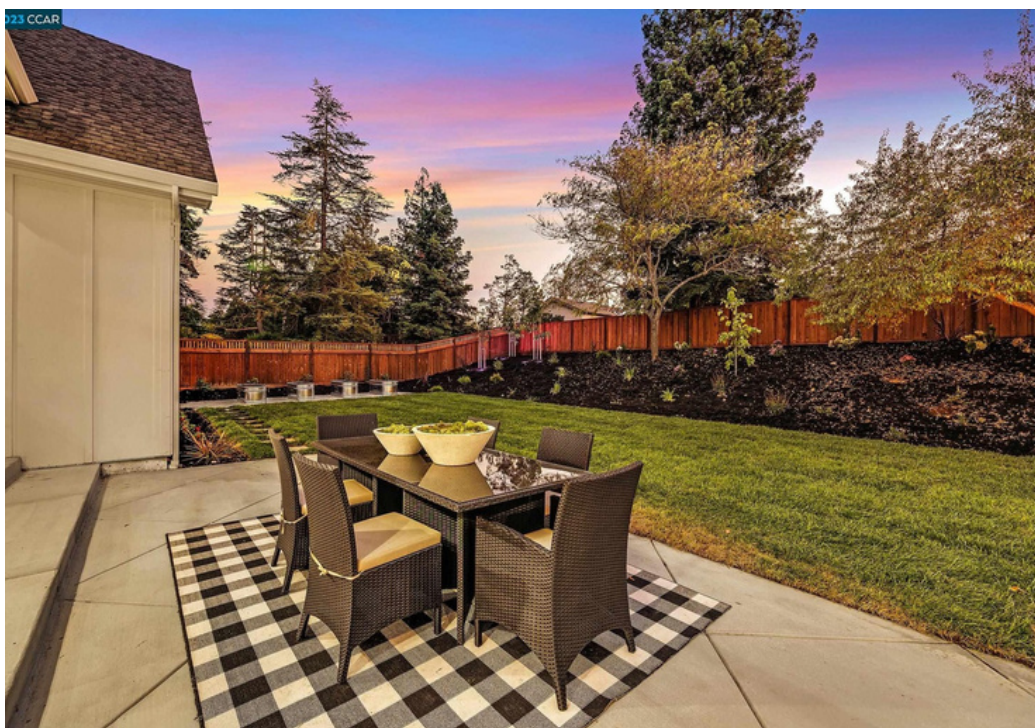

We know the guidelines no matter where you live and work first hand with the building departments to assure your plans are done quickly and efficiently.

Call us for an on-site visit we are very generous with our knowledge and design concepts.

INCLUDES LANDSCAPING

Each landscape is specially designed to blend architecture and art. The result is a one-of-a-kind outdoor environment that captures the homeowner's unique lifestyle. Unmatched attention to every detail ensures welcoming venues to gather with family and friends and create memories. From concept to creation, our team at REI Homes & ADUs will work with you to design and construct the exterior of your dreams.

VERANDAS AND PERGOLAS

Building a pergola or veranda in your backyard will definitely add value to your property and expand the living and entertaining space. The experts at REI Homes and ADUs Inc can help you choose the style and design that blends with your home. We custom design and build all our pergolas and verandas to suit your unique needs. Reach out to us to discuss your needs and options for the perfect outdoor space.

OUTDOOR KITCHEN DESIGN AND INSTALLATION

Hosting with an outdoor kitchen designed by REI Homes and ADU Inc. will be more satisfying and delicious. We can work together to design an outdoor dining experience that is just as special as you are. Your kitchen, the focal point of your backyard, will be expertly designed to meet your unique needs and cooking style. We will create a final product that combines functionality, design, and quality.

AMBIENT/LANDSCAPE LIGHTING

No landscape is complete without lighting, and REI Homes and ADUs Inc. offers many options to perfectly illuminate your yard and gardens using ground spots, floodlights, wall lamps, and garden poles. Our team can help you choose the best application with the most enchanting results.

MEET OUR TEAM

Gary Massari

CEO

For more than 40 years, Gary has immersed himself in all aspects of the Bay Area real estate industry. From working as a real estate broker finding available land for builders and helping them develop the property to designing and building custom homes for his own clients, Gary takes pride in delivering just what the clients want and blending current trends into the design. Armed with the experience and expertise to find the ideal properties, control the cost of design and construction, and with acute knowledge of the market, Gary makes the dream of designing and owning a luxury custom home a reality for his clients. He is also ready to assist with backyard transformations, renovations, and additions, including exceptionally crafted attached and detached ADUs.
